

ORGANIC AGRICULTURE IN WISCONSIN: 2012 STATUS REPORT

**Prepared by the UW-Madison Center for Integrated Agricultural
Systems and the Wisconsin Department of Agriculture, Trade and
Consumer Protection**

**Authors: Erin Silva, Laura Paine, Matt Barnidge, Cris Carusi and
Ruth McNair**

February, 2012

This report is a joint effort of:

The **Center for Integrated Agricultural Systems** (CIAS) is a research center for sustainable agriculture in the College of Agricultural and Life Sciences, University of Wisconsin-Madison. CIAS fosters multidisciplinary inquiry and supports a range of research, curriculum and program development projects. It brings together university faculty, farmers, policy makers and others to study relationships between farming practices, farm profitability, the environment and rural vitality. For more information, visit www.cias.wisc.edu or call 608-262-5200.

The **Wisconsin Department of Agriculture, Trade and Consumer Protection** (DATCP) works to make Wisconsin a world leader in agriculture, food safety and consumer protection. DATCP is responsible for food safety, animal and plant health, protecting water and soil, and monitoring fair and safe business practices. The DATCP Organic Agriculture Program is housed in the Division of Agricultural Development and provides individual technical assistance and education to organic farmers and those wishing to begin farming organically, as well as to businesses processing organic products. For more information, visit datcp.state.wi.us or call 608-224-5120.
